

SKU : 832139

USED

Construction year 2018, technically checked and serviced, slight signs of use and paint defects

The semi-automatic KNUTH KHK cold circular saws are equipped with everything that is necessary for processing small tubes and profiles. This saw can easily be positioned to miter and impresses with its easy handling. The vise is designed as a self-centering vise. With the supplied underframe, the machine can be set up flexibly without blocking valuable work space. With its compact design and maximum angular accuracy, it is particularly suitable for locksmiths and metal construction companies.

- Pneumatic saw head feed
- Pneumatic workpiece clamping
- Precise angle cuts
- 2 speeds
- Rigid machine base included

TECHNICAL SPECS

WORKING AREA

Speed	38, 19 1/min
Width of vise	145 mm
Air supply	6 bar
Air consumption	120 l/min

CUTTING CAPACITIES

Cutting capacity 0° (square)	90 mm
Cutting capacity 0° (round)	95 mm
Cutting capacity 45° (round)	90 mm
Cutting capacity 45° (square)	75 mm

DRIVE CAPACITY

Main motor rating	0,75 / 1,5 kW
-------------------	---------------

MEASURES AND WEIGHTS

Overall dimensions (length x width x height)	1.13 m x 0.65 m x 1.68 m
Weight	310 kg

PRODUCT DETAILS

- Quick-action vise with pneumatic clamping reduces setup time
- Automatic sawing process with infinitely variable feed speed
- Two saw blade speeds for optimum cutting results in different materials
- Miter cuts up to 45°
- Adjustable saw stroke results in shorter cycle times when cutting small diameter parts
- Gears running in oilbath
- Includes base and coolant system
